### **Certification Training**

A certified member is a worker or management member of a joint health and safety committee who has successfully completed a special health and safety training program that meets the standards established by the Workplace Safety and Insurance Board (WSIB).

Pre-scheduled certification training sessions are provided by certification trainers. Please look in the Calendar of Events to find the session closest to your organization. Depending on the circumstances and the needs of clients, this training can also be held "on request". If you have special training needs, please contact your ESAO field consultant or ESAO head office.

- \$299.00 per person + GST ( 3 Day Course)
