

PARTNERS IN PREVENTION 2010 Ontario Health & Safety Conference & Trade Show

May 4 – 5, 2010
International Centre, Mississauga, Ontario

For many years *Health and Safety Canada IAPA Conference & Trade Show* set the standard for professional development. **Partners in Prevention 2010** carries on that tradition and raises the bar once again offering dynamic, interactive sessions and an experience that extends beyond the two days you spend at the event.

Key Features

Ontario's Prevention System partners have joined forces to present **Partners in Prevention 2010** – a new health and safety conference and trade show for all Ontario workplaces. The conference will provide delegates with:

- Access to the collective expertise of the Ontario Prevention System: Over 60 interactive sessions, workshops, professional development courses and keynote speakers with a focus on the top hazards from a multi-sectoral basis: forklift trucks, workplace violence, slips and trips, electrical safety and machine guarding.
- One-stop shopping for best practices, compliance advice and business solutions including take-away tools, post conference follow-up and a trade show with over 400 exhibitors.
- Four events under one roof: An opportunity to network with peers, industry experts, solution providers and make new business contacts. Co-locating events: *Your Workplace 2010 Conference, CANECT 2010, MASC 2010.*

Keynote Speakers

How the Toxic Chemistry of Everyday Life Affects our Health

Special Events

SMALL BUSINESS FORUM 2010

May 3, 8:30 – 11:30 am

A 3-hour, interactive program to help small businesses improve the profitability and sustainability of their company. It will include presentations by a range of experts from banking to taxation to workplace safety and insurance. Practical tools and resources will be provided.

LEADERSHIP SUMMIT 2010

May 3, 8:30 am - 3:00 pm

A one-day program focusing on how to strategically construct a winning culture for the next decade of the 21st century. Through an Action Model, participants will gain the necessary building blocks needed to transform their workplaces to attract and retain high performing, productive individuals.
